Incident Details :

On Sunday, November 5, 2017, at approximately 02:00 local time, the warplanes of the Saudi alliance launched three air raids on Al- Rabia'ah area in Razih district of Sa'ada governorate targeting two fuel stations of the citizens of the region, namely Ahmad Salah Nashwan Yahya Mashqa'a, which led to the complete destruction of the two stations, as well as the destruction of the attached buildings and their shops. As an effect of these raids, two citizens were injured in the stations who then rushed to a hospital close to the targeting area. The trucks belong to the station were also destroyed and a nearby gas station was also damaged in addition to the damaging of the cars, owned by citizens, in Auto Show near the two stations.

The destruction of the two stations

Victims and Witnesses' Testimonies :

The victim and witness / Ahmed Salah Nashwan, 50 years old and the owner of one of the targeting fuel stations told us the details of the incident, saying:

"I was sleeping in my house in the same time of the bombing on my fuel station. After the first raid and the explosion sound, I woke up in a state of panic and fear and only moments later then the coalition warplanes launched a second and third air raid on the same place targeted before. I hurried out of the house to be surprised to see the fuel station belonging to me and the fuel station belonging to the citizen Yahya Meshqaa burning, I rushed to the scene where the gas stations located. I heard two people asking for help, and I and some of the citizens took them out and then took them to a hospital near the area

The fuel stations belong to me and Yehia have been completely destroyed. The building of my station, in which there are shop, car oil change place, food store, and a refrigerator belongs to Yahya Mashqa'a.

Then I saw my fuel station started burning when I arrived at which, I tried with some citizens to douse the fire. The bombing also resulted in the destruction of an Auto Show near fuel stations".

There is no justification for Saudi warplanes to target these fuel stations, since our region is very far from the area conflicts and there are no camps or armed manifestations in our region. "Ahmed Salah Nashwan added"

Witness / Sami Ali Jaber Manwar, aged 20, told us:

"At approximately 02:00 A.m, the Saudi coalition warplanes launched three air raids on the Beni Rabia'ah area in Razih district of Sa'ada governorate. The raids targeted two fuel stations belong to citizens Ahmad Salah Nashwan and Yahya Meshqa'a destroying them completely in addition to the shops attached to them, as well as the of trucks and damaging some cars".

I saw the first raid when it targeted a farm near our house, and a few minutes later the third attack targeted a fuel station belongs to Ahmed Salah Nashwan, which completely destroyed beside its building and the shops.
