ACTIVE PARTNERS

CLUSTER OBJECTIVES

1 Restore or maintain sustainable water and sanitation systems to improve public health and resilience.

2 Provide emergency and lifesaving WASH assistance to the most vulnerable so as to reduce excess morbidity and mortality.

3 Ensure sufficient sectoral and inter sectoral coordination and capacity to respond at the national and sub-national levels.

Cluster Overview

9.3 million people were reached with wash assistance out of an overall caseload of 11.1 million people targeted. Overall, some 4.8 million people were reached with support to public water systems (67 per cent of the target) and 3.6 million people benefited from support to sanitation systems (72 per cent of the target).
