Sea cargo transport in m³ facilitated by the Logistics Cluster

The Logistics Cluster facilitates the cargo transport via sea on board the WFP-chartered vessels VOS Apollo and VOS Theia. VOS Apollo operates a weekly rotation between Djibouti and Aden, whereas VOS Theia travels on average three times a month between Djibouti and Hodeidah. Both vessels can carry both cargo and passengers, and can be used as staff evacuation means.

In July, VOS Apollo transported 80 mt/353 m3 of cargo from Djibouti to Aden on behalf of MSF, UNICEF and UNDP; VOS Theia transported 395 mt/1,531 m3 of relief items from Djibouti to Hodeidah on behalf of WFP.

However, VOS Apollo's voyage 117 had to be cancelled due to administrative issues at Djibouti level. VOS Theia voyage 114 was similarly suspended, and therefore both services were put on hold until further notice.
