

# **RESPONSE AND GAP ANALYSIS**

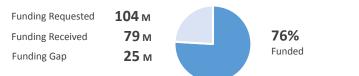

### **PROTECTON CLUSTER STRATEGY**

- Monitor and assess protection risks to identify persons in need, inform the humanitarian response and advocate for protection of civilians
- Provide life-saving protection assistance and services to vulnerable, conflict-affected and displaced persons, including children and GBV survivors
- Support community-based responses that prevent, mitigate and address protection needs and risks through awareness, empowerment and conflict resolution
- Strengthen national and local capacities to mainstream, integrate and directly provide protection and solutions
